

Log into the school device using your Google email and password.

Or, type 'Google log in' into the search engine if you are at home on a tablet, computer or laptop.

Then type your google email from your child's planner into this box. Click next. After following the instructions and entering your password, the top right corner should change to a letter or your photo to show that you have logged into your google account successfully.

Click on the waffle icon.

Click on the Classroom icon.

The first time you do this, you will need to join a class by clicking on the plus in the top right-hand corner. You will need to enter the class code. This can also be found in the planner and is unique to your child's class. After the first time, you will just need to click on the name of the correct classroom.

Select the 'Classwork' option.

Select the right subject.

join the Hazel Class Google Classroom page.

How to type a new document so your teacher can see it!

The image contains two screenshots of a classroom management interface. The top screenshot shows a 'Your work' card with an 'Assigned' status. It has a button that says '+ Add or create' and another that says 'Mark as Done'. A black arrow points from a text box to the '+ Add or create' button. The bottom screenshot shows the same 'Your work' card, but the '+ Add or create' button has been clicked, opening a dropdown menu. The menu has three sections: 'Google Drive' with a folder icon, 'Link' with a chain link icon, and 'File' with a paperclip icon. Below these is a 'Create new' section with four options: 'Docs' with a blue document icon, 'Slides' with a yellow presentation icon, 'Sheets' with a green spreadsheet icon, and 'Drawings' with a red drawing icon. A black arrow points from a text box to the 'Docs' option.

Click 'Add or create'

Click 'Docs' and start typing! When you are happy with your amazing writing select 'Mark as Done'
